Learning Management System (LMS)

Counselling Process

Mode of Counselling :- Online

Brief describe the provision in LMS to be used by HEI :-

RNB Global University will use the Learning Management System (LMS) integrated with the SWAYAM platform to support online teaching, learning, and student engagement. The LMS will provide facilities for course content delivery, video lectures, e-books, discussion forums, quizzes, assignments, attendance tracking, learner progress monitoring, and online assessments. It will also enable faculty members to upload and manage study materials in line with SWAYAM four-quadrant guidelines. The platform will support interactive learning, academic monitoring, certification processes, and seamless access for students anytime and anywhere through web and mobile-based access. Briefly write how the Learning Management System (LMS) will ensure the following: (provide a demo link, if available)

Briefly write how the Learning Management System (LMS) will ensure the following: (provide a demo link, if available) :- --

Assessment mechanism	The Learning Management System (LMS) to be used by RNB Global University with the SWAYAM platform will ensure a transparent, secure, and effective assessment mechanism through multiple online evaluation tools. The LMS will support continuous assessment in the form of quizzes, assignments, MCQs, discussion-based activities, and periodic online tests. It will provide automated evaluation for objective-type questions and faculty-based evaluation for descriptive assignments. The system will maintain assessment records, grading, attendance, and learner progress reports with proper tracking and analytics. Time-bound examinations, question randomization, secure login access, and plagiarism checking features will help maintain examination integrity and fairness. The LMS will also generate performance reports and feedback for students to support continuous improvement and outcome-based learning.
Identified technological interface and interoperability	The Learning Management System (LMS) proposed for RNB Global University will ensure technological interface and interoperability with the SWAYAM platform through standard digital integration protocols and compatible academic technologies. The cloud-enabled access for seamless exchange of learning content, student data, assessment records, and academic reports. The platform will provide compatibility across desktops, laptops, tablets, and mobile devices to ensure easy accessibility for learners and faculty members. It will also support integration with video conferencing tools, digital libraries, e-content repositories, online assessment systems, and student information systems. The LMS will enable secure data management, user authentication, real-time tracking, and smooth migration or synchronization of course-related information with SWAYAM requirements and university academic systems.
Learner's Authentication Requirements	The Learning Management System (LMS) to be used by RNB Global University with the SWAYAM platform will ensure proper learner authentication through secure login credentials, unique user IDs, and password-based access for every registered learner. The system will maintain authenticated student profiles linked with enrolment records and institutional databases to ensure only authorized learners can access course content and assessments. The LMS will support OTP/email verification, activity tracking, attendance monitoring, and secure examination login procedures to maintain academic integrity. During online assessments and examinations, the system may use time-bound access, browser security features, IP/device tracking, and audit logs to verify learner identity and prevent unauthorized access. The platform will also maintain secure digital records of learner participation, submissions, grades, and certification data in compliance with university and SWAYAM guidelines.
Learner Registration - through a web application	Learner registration for courses offered through the Learning Management System (LMS) at RNB Global University will be carried out through a secure web-based application integrated with the SWAYAM system. The online registration portal will allow learners to create accounts, submit enrolment details, upload required documents, and access course information through a user-friendly digital interface. The web application will support secure login authentication, profile management, course selection, fee/payment integration (where applicable), and automated generation of learner credentials. It will also maintain centralized digital records of student registration, attendance, assessment, and academic progress. The platform will ensure accessibility across desktops, laptops, tablets, and mobile devices for convenient learner access anytime and anywhere.
Active Engagement of the Learners along with Analytics for active engagement of learners and Reporting	The Learning Management System (LMS) proposed for RNB Global University with the SWAYAM platform will ensure active engagement of learners through interactive digital learning tools such as discussion forums, live sessions, quizzes, assignments, announcements, feedback mechanisms, and collaborative learning activities. The platform will support continuous learner participation through multimedia content, doubt-clearing sessions, notifications, and academic interaction between faculty and students. The LMS will include analytics and reporting features to monitor learner engagement, attendance, course progress, assessment performance, completion rates, and participation in online activities. Faculty members and administrators will be able to generate real-time reports, learner performance dashboards, and activity logs for academic monitoring and quality assurance. The system will also provide automated alerts and progress tracking to identify slow learners and support timely academic intervention and student success initiatives.
Payment Gateway –using Digital Payment system	Yes Cashfree payment gateway
Tracking the delivery of a Course or programme	The Learning Management System (LMS) to be used by RNB Global University with the SWAYAM platform will provide comprehensive tracking of the delivery of courses and programmes through real-time monitoring and reporting tools. The system will track course schedules, content delivery status, learner attendance, assignment submissions, assessments, and faculty activities to ensure effective implementation of the academic programme. The LMS will maintain digital records of uploaded study materials, video lectures, discussion sessions, quizzes, and learner participation in accordance with SWAYAM four-quadrant requirements. Faculty members and administrators will be able to monitor course progress through dashboards, analytics, and automated reports to ensure timely completion of curriculum and academic activities. The platform will also support learner progress tracking, completion monitoring, and performance evaluation for effective academic management and quality assurance.

Technical Know-how or Skills Requirements	The Learning Management System (LMS) proposed for RNB Global University with the SWAYAM platform will require basic technical know-how and digital skills from learners, faculty members, and administrators for effective use of the system. Users should possess fundamental computer literacy, internet browsing skills, email communication knowledge, and the ability to access online learning resources through desktops, laptops, tablets, or mobile devices. Faculty members will require skills for uploading e-content, conducting online classes, managing assessments, tracking learner progress, and using digital communication tools. Administrative and technical staff will require knowledge of LMS management, user administration, data handling, report generation, and system monitoring. The university will provide orientation programmes, user manuals, technical support, and training sessions to ensure smooth adoption and effective utilization of the LMS and SWAYAM-integrated digital learning environment.

Briefly write on ICT facilities available/ to be ready dedicated for the implementation of Online Courses :-

RNB Global University has established and will further strengthen dedicated ICT facilities for the effective implementation of online courses through the Learning Management System (LMS) integrated with the SWAYAM platform. The university provides high-speed internet connectivity, centralized servers/cloud-based infrastructure, computer laboratories, smart classrooms, digital studios for e-content recording, and secure data storage facilities to support online teaching and learning activities. The ICT infrastructure includes video conferencing facilities, multimedia content development tools, online assessment systems, digital libraries, and technical support services for learners and faculty members. The LMS is accessible through desktops, laptops, tablets, and mobile devices to ensure uninterrupted learning access anytime and anywhere. The university also provides backup power support, cybersecurity measures, user authentication systems, and technical helpdesk support for smooth and secure delivery of online education programmes.
